"MY LIFE HAS CHANGED!"

"Just had to tell you how truly amazing this Freedom from Freemasonry weekend was for me, even by bedtime on Friday night my life had changed dramatically. The Lord dealt with so many issues I can't even now tell you how many things have changed.

My husband & I had never really had a united marriage and when I got home he was in tears telling me how he wanted everything to be done together! Also one of the biggest problems was the spirit of rejection between my son & I. After the conference I found that this had been totally removed!

Also my temper has diminished greatly and by the power of the Holy Spirit I can choose not to allow it to rise — now that is a miracle! I find that I can be myself, without having to be a people-pleaser or manipulator and my extreme paranoia and taking of offence is greatly improved.

These are just a few things, not to mention the new-found ability to pray in the spirit & to be able to worship in purity!
If this is after only 24 hours then what more can the Lord do for me!
I just give thanks to the Lord; words cannot convey my true feelings on this so I just give our God the glory." Anon
